

Inviting you to a free seminar

Your church and the web: Creating a successful website for your church

- Would you like some **top tips** for improving your existing church website?
- Do you want ideas as to what makes an **effective church website**?
- Are you considering having a church website **for the first time**?

If **any** of the above are true then we are sure **you will benefit** from our church website seminar.

Our seminars provide church webmasters, ministers, church staff and members with advice and tips on creating a **great website** which will really benefit the church.

Our advice has **helped churches all around the UK** see the potential of the web as a great communication tool and a way of bringing new members to their church.

The seminar is provided at **no cost to you** and covers topics such as:

- **Why** have a church website?
- The **three audience groups** your church website must be aimed at
- What to **avoid** on a church website
- What makes a **good church website**?
- **Top tips** for creating a successful website
- **Pages your church website must contain**
- Search engines – how to **increase your membership** by having your church website found by Google and other search websites
- How to create a church website with no technical knowledge

Where?

This seminar will be held in **Stratford Upon Avon** on **Thursday 23rd July 2009** at **7.30pm** and is open to all ministers, webmasters and church members that have an interest in using the internet for their church.

For more details and to register please visit www.churchwebsitetips.co.uk.

Who are we?

The seminar is run by Church Edit—a leading provider of church websites as part of our mission to help **all churches** realise the potential that the web has to today's church.

Church Edit is run by Christians and have been supporting churches since 2002.

**Free seminar on church websites:
Stratford-upon-avon**
